

PRESS RELEASE

The Grantham Cup

Belton International Horse Trials 24th – 26th April 2009

The Grantham Cup will, once again, be the feature class at Belton International at the end of April. An action packed weekend is planned with the World's leading riders going head to head. There will also be Top level show jumping on Sunday afternoon, for added equestrian interest.

There is something for all the family from a Classic Car parade to Dog training demonstrations! We will once again have the extremely popular Belton Masters running for the second year. This competition is an opportunity to watch our past masters at work! A hatful of Gold Medals will be represented, with Anne Marie Taylor returning to try to regain her crown, but with plenty of opposition she will need to be up to scratch! Last year competition was fierce, with all sorts of interesting ways to gain extra marks! Past medal winners don't lose their competitive nature!

There will be an extensive local food court with all sorts of delicious offerings from olives and locally produced meat to handmade chocolates and cappuccinos! The retail village seems to grow in stature each year, with rural crafts growing and developing and a large selection of varied trade stands, with everything from clothes to kitchens.
